MGI NANO BODY SHAPER

Made with German Nano Technology!

Content and Materials:

Cotton, Modal fiber, nylon, spandex, polyamide fiber, bamboo charcoal fiber, lyocell fiber, silver nanofiber, far infrared, negative ion, germanium and tourmaline minerals

Benefits

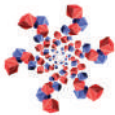

- Helps in body shapening
- The outer layer provides appropriate pressure for the lower abdomen to streamline fat so it doesn't sag out for better blood circulation.
- Far Infra red helps blood circulation.
- High elasticity fabric fibers able to help shape and slimming the thighs so that fat doesn't look lost/bulging out, helps in lifting the hips by retaining fat in within the thighs and makes the buttocks looks fuller.

Shape & Slim
With Elastic Fiber

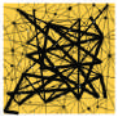

Posture Support • Slimming • Defines & Contours

Made with high-tech fibers!!

1. Sweat Blocking Material

Maximum sweat absorption, comfortable, cool with good ventilation.

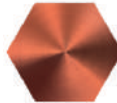

2. Anti Microbacterial & odor

Prevent odor and kill mycobacteria

3. Eco-Sensitive Technology

Safe, soft and comfort for every type of skins

4. Hexagone-Circle Hole

The fabric base material is soft to the touch of your skin, and it provides breathable pattern that allow your skin to breath and feel fresh throughout the day.

5. Hydrophilic Tech

Quick dry cloth to maintain your skin softness

Washing Instructions:

Simply hand wash with mild detergent and water below 40°C.

Avoid twisting or folding during drying to protect the shape.
Do not expose under the sun.
